
Storms
not forced by the tree:
76–79% of the order error
Wildfires
not forced by the tree:
69–70% of the order error
OLR
not forced by the tree:
95% of the order error
PM2.5 (daily)
not forced by the tree:
78–81% of the order error
Ring
not forced by the tree:
37–63% of the order error
Tangaroa (3D)
not forced by the tree:
40–53% of the order error
Cylinder (3D)
not forced by the tree:
31–54% of the order error
Mean order error (%)
Worst merge error (% of scalar range)
unreachable: below the bound
AnchorMTM, ε from 0 to 100%
AnchorMTM, ε = 0
